FlowBox - 106mm Height

FlowBox Metal Drawer Box is the ultimate combination of style, durability, and innovation for modern kitchens and bathrooms. With a sleek **anthracite** finish, it's designed to maximise space while delivering a premium look and exceptional functionality.

Key Features:

- **Sleek Side Panels:** Ultra-slim 12.8mm panels create a modern, elegant look while maximising drawer space.
- **Heavy-Duty Strength:** Holds up to 40kg, making it ideal for everything from cookware to daily essentials.
- **Effortless Functionality:** Soft-close runners and synchronised mechanisms ensure smooth, silent operation every time.
- **Perfect Fit:** Built-in 3D adjustment features—3mm height, 2mm side-to-side, and tilt adjustments—make installation seamless and precise.
- **Toolless Assembly:** FlowBox's user-friendly system eliminates the need for specialised tools, simplifying front panel installation.
- **Flexible Design:** Compatible with 18mm bottom panels, FlowBox includes an integrated rear panel holder and works seamlessly with wooden backs and bases, allowing for custom sink drawer configurations.
- **SmartLock® Technology:** Ensures easy removal and reinstallation for maintenance and adjustments.
- **Flexible Compatibility:** Compatible with Blum, Hettich, Grass, and Hafele drilling patterns for hassle-free installation.
- **Limitless Customisation:** Add features like glass side panels, inner drawer solutions, unlimited gallery railings, and more to tailor it to your requirements.

FlowBox With Gallery Railing - 106mm Height

The FlowBox Side Gallery Rail is a versatile and essential accessory designed to enhance the functionality of your FlowBox Metal Drawer Box. With a sleek **anthracite** finish and the ability to be customised, it's the perfect solution for organizing and securing taller drawer contents.

Key Features:

- **Flexible Placement:** Designed for FlowBox's side-panel-free system, the gallery rail can be positioned exactly where needed, offering maximum customisation for storage solutions.
- **Sleek and Modern:** Finished in premium anthracite, the gallery rail seamlessly complements the modern aesthetic of the FlowBox system.
- **Durable and Reliable:** Made from high-quality materials, the side gallery rail provides long-lasting support and stability for taller items.
- **Enhanced Drawer Organisation:** Prevents items from tipping over or sliding around, keeping your drawers neat and functional.

FlowBox With Glass Sides - 106mm Height

The FlowBox Glass Side Panel is a premium upgrade for the FlowBox Metal Drawer Box, combining the elegance of glass with the durability of metal. Designed to enhance both functionality and aesthetics, the glass panels provide a modern, sophisticated touch to your storage solution.

Key Features:

- **Aesthetic Design:** Glass panels seamlessly integrate with the FlowBox system, creating a refined and contemporary appearance.
- **Visibility:** The transparent panels allow you to see the drawer's contents easily, adding convenience and functionality.
- **Variety of Lengths:** Available in sizes from 270mm to 500mm, ensuring a perfect fit for any drawer width.
- **Premium Anthracite Finish:** Complements the FlowBox drawer system, maintaining a cohesive and stylish look.
- **Durable:** Built to last, the combination of glass and metal ensures long-term performance without compromising on aesthetics.
