

## Confirmat Screws

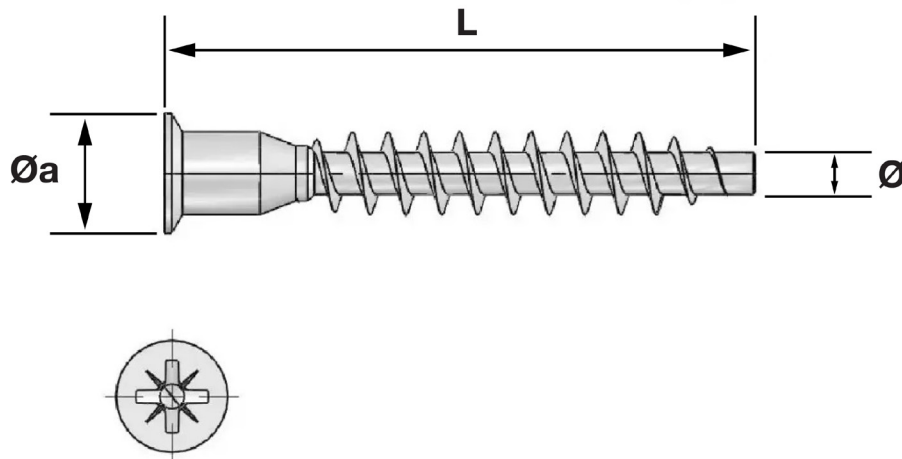

## Confirmat Screws

Designed for strong and secure cabinet and furniture assembly, our Confirmat Screws are made from high-quality steel with a zinc plate finish for durability. Available in 50mm and 70mm lengths, these screws feature a deep thread for superior grip in chipboard and MDF. Supplied in packs of 2,000 (50mm) and 1,000 (70mm), they provide a reliable solution for professional joinery and flat-pack construction.
