

Euro Screws

Euro Screws

Euro screws are durable fasteners designed specifically for cabinetry and furniture applications. Made from high-quality steel and with a zinc plate finish, these screws ensure a strong and secure hold. Available in lengths of 9mm, 11mm, and 13mm, the 9mm and 11mm sizes come in packs of 1000, while the 13mm size is available in packs of 5000. Perfect for assembling and securing furniture components, Euro screws provide a reliable and long-lasting solution for any cabinetry project.
